

# KL2.4LM(A) INTRINSICALLY SAFE CORDLESS CAPLAMP

## Features

- Exceptional strength and rugged structure
- Highest dust protection and submersible water protection for the harshest working environments;
- Weight only 160grams!!!
- Standard operating time at least 14 hours
- Comfortable sunlight style light;
- Adjustable tilt mounting design
- Easy to recharge, clean, and maintain.
- IECEx approved For use in Hazardous Zones 0, 1 and 2 & Gas Groups IIA, IIB, IIC and I; Temperature Class up to T4

## Specifications

Operating time:	≥ 14~18 hours
Charging time:	7 hours
Operating current:	≤ 180mA
Battery:	3.7V 2.4AH
Battery life time:	≥ 80% capacity after 500 full charging cycles
LED life time:	≥ 10000 hours
Weight:	160 g
Enclosure rating:	IP67
Warranty:	1 year

## Caplamp Components

Lamp	Yes
Charger	Yes
Head strap	Yes
Lamp bracket	Yes
Bar mounted bracket	Optional
12V charger	Optional
Head strap cap hooks	Optional
Magnetic clamp	Optional
Chin strap	Optional

Optional Charging facilities: 12V charger, 8-unit multi voltage charging bank, 36-unit charging banks.
